

CLUTCH

Cissy Chen '16, Eric Li '17, Aditya Trivedi '16, Julia Wang '17

A targeted promotion service for retailers.

A mobile coupon app for shoppers.

P R O B L E M

Retail campaigns are inefficient.

Shopping in stores is impersonal.

Physical coupons are inconvenient.

retail store

Mid-tier physical
retailers

HOW IT WORKS

- 1) Retailer receives a **setup package** with iBeacons and software installation.
- 2) Retailer **uploads** coupons and exclusive deals to our web platform.
- 3) Shopper downloads and **opens the Clutch app** in-store.
- 4) Clutch recognizes the shopper's location and behavior and serves **personalized deals!**
